Rajdeep Solar Energy Team at Renewable Energy Expo 2021

- ❖ Rajdeep Solar Energy is venture of Rajdeep Group of Companies. A Sun Ray of progress towards Solar Power Sector. Rajdeep Group has possessed unmatched abilities from 1993 in Electrical Power sector regarding the Turn-Key Project Development, Extensive Operation Maintenance Services and many more.
- ❖ We are believing in developing a unique service on the bases of our three decades old conservative approaches. We serve our clientele by aligning ourselves to the purpose of the project. And, delivering the desired accurate result towards client's expectations.
- ❖ Rajdeep Solar Energy is constructing a highly advanced Manufacturing of Solar PV Modules Kutch. A Land where Rajdeep Group was Established in 1993 with intentions to work in Electrical Power Field.
- ❖ Rajdeep Solar energy Showcased great understanding towards market requirements in REI Expo 2021 with intentions to produce the latest Solar PV Modules with power rating **Up To 600 Watts**. Visitors at Expo appreciated our approach towards delivering advanced technologies.
- ❖ We here at Rajdeep Group have always tried to optimize our services and offering in to be in accordance with our client's requirements. Our organization's first job is to Knowing the exact requirement of client and projecting our path towards the client's vision.

Our
Manufacturing Facility
will be operational by
Mid-2022

We are also Moving
forward for getting
ALMM Certification

Rajdeep Solar Energy has aim to make its facility operational by the Mid of 2022 with ability of manufacturing Polycrystalline, Multi-Crystalline, MonoPERC & Split Cell PV Modules. Our aim also includes to acquire the ALMM certification to produce DCR PV Modules to support the "Make in India" initiative by Indian Government.

Meanwhile, as being an active part of Electrical Power Sector and Solar PV sector the Director of Rajdeep Solar Energy Mr. Dharmesh Solanki attended round table CEO meet to discussed various topics regarding the upcoming revolutionary steps in Renewable Energy sector. Meeting was held with Honourable **Minister of MNRE Mr. R. K. Singh**.

- ❖ With REI Expo we have developed stronger bond with various organization in Solar PV Sector with positive feedback. Our presence at REI Expo has been marked in network of Solar PV Sector as Technically Advanced and Progressive Organization.
